## Vicenza's Kallon Launches A Charity Fan Club And Team

[News Archive](#)

11/07/2000.  
The Mohamed Kallon Fan Club was officially launched in The Gambia last June in the name of the Sierra Leonean player at [Vicenza](#).

Mohamed Kallon and his fans gave a consignment of food and clothing to the Sierra Leonean refugees in The Gambia in August through the United Nations High Commission For Refugees based there.

In an interview, Mohamed Kallon stated, "This is one of the aims of my fan club and this is just the start. I will continue to render my full support throughout." Kallon also made a similar donation to Sierra Leonean refugees in Guinea in 1997.

Meanwhile, the fan club has expressed disappointment at the way Mohamed Kallon is considered internationally especially after his good performance in Serie A last season, making him the highest African goal scorer there with twelve goals. The fan club wants Kallon to get more international media coverage that would eventually lead him to getting an award.
